“There is more than one path for our journey and there are different avenues towards empowerment. Find comfort in PRIDE. There are others like you, who have done what you’ve done and have been where you’ve been. We are all in the act of becoming.”

Victims of commercial sexual exploitation are vulnerable adults and youth. Barriers to successful recovery include, violence, substance abuse, homelessness, poverty and a multitude of other challenges. **PRIDE (Promoting Recovery, Independence, Dignity, and Equality)** is the first program in Minnesota to effectively deliver services across a life span on behalf of women and teens reclaiming their lives after commercial sexual exploitation.
