

Family Parenting Development

A FAMILY HOME VISITING PROGRAM

What We Offer Your Family

As your partner, we assist you in navigating the requirements to resolve an open child protection case in Hennepin County. We help families who are experiencing challenges staying together, or looking to reunite. We help families identify their strengths and challenges with healthy parenting; set goals; and improve the quality of their parent/child interactions.

OUR FAMILY SERVICES

Conduct an assessment to identify family strengths and areas to make improvements.

Create an individualized plan to build effective parenting skills and improve the parent/child relationship.

Empower parents to learn and practice positive parenting techniques.

We educate parents on:

- Child development ages and stages.
- Developmentally appropriate positive discipline strategies.

Conduct Home Visits to observe and guide parent/child interactions.

Connect families to and advocate for community resources for basic needs.

Provide referrals to other community resources.

Referral may be made to other TFP programs.

WHO WE SERVE
