

Promising Practices Home Visiting Program

We partner with parents and caregivers of preschoolers aged 3-to-5-years-old for healthy child development and family well-being.

Who can join?

This program is FREE for families of 3-to-5-year-olds. Home Visiting includes weekly or bi-weekly visits.

There are benefits for the whole family including:

-  Incentives for participation and achieving goals
-  At-home children's book library

Through the Promising Practices you will be equipped to:

-  Boost your child's kindergarten-readiness
-  Build skills for lifelong focus and resilience
-  Set family goals and make a plan for success
-  Nurture joy in your home

This program gives you a safe place with a trained professional to ask questions and get real help. Your Home Visitor can also connect you with community resources, so your family is safe and supported.

About EGG Toolkit

Promising Practices utilizes EGG Toolkit. EGG, short for "Empowering Generational Greatness," is a curriculum created by The Family Partnership and is designed for families with 3-to-5-year-olds. EGG contains fun, flexible, and science-backed activities that help children and their parents or caregivers to build executive function and self-regulation skills, including:

- Sharing thoughts and feelings
- Reflecting on behavior
- Managing emotions
